FOUR STEP WOODEN LIFEGUARD CHAIR

The Wooden Lifeguard Chair is a sturdy and reliable piece of equipment designed for lifeguards to maintain a watchful eye over swimmers and ensure their safety. It is crafted from high-quality wood, ensuring its durability and longevity, making it suitable for both indoor and outdoor use.

This lifeguard chair comes with the option of custom colors or a natural wood polished finish, allowing you to choose the aesthetic that best suits your preferences or existing surroundings. The custom color option enables you to coordinate the chair with your facility's branding or to add a splash of color to brighten up its appearance.

The chair features a spacious and ergonomic design, ensuring the comfort of the lifeguard during long hours of observation. It is equipped with a sturdy ladder that allows easy access to the elevated seat, providing a clear and unobstructed view of the swimming area.
